

Name: _____

PROPOSED COURSE OF STUDY

List the **year**, **course number** and **title**, and **number of credits**. Enter the credits into any and all categories that apply. For the purpose of this form, **Non-grad** are courses numbered 1-299, **Grad** are courses numbered 300-999, **50%** are courses that carry the graduate attribute (see *Table 1: Minimum Departmental Course Requirements for the Soil Science PHD Degree* in the PhD Requirements document). Students with an RA appointment must take a minimum of 8 Grad credits in Fall and Spring, and 2 Grad credits in Summer. See **UNIVERSITY AND GRADUATE SCHOOL CREDIT REQUIREMENTS** page for policies regarding *Minimum Graduate Residency Requirement* and the *Minimum Graduate Course Work 50% Requirement*.

Double and Joint Degree: List the number of credits in both the University Requirements and the Double/Joint Degree sections. If the credits will be applied to both degrees, include the credits in all columns. Note: No more than 25% of credits may overlap.

Fall Semester:		(List year)					
Course Number/Title	Credits (enter in all that apply)						
	University Requirements			Double/Joint Degrees			
	Non-grad	Grad	50%	Soils	Other	Both	
Semester Total Credits:							

Spring Semester:		(List year)					
Course Number/Title	Credits (enter in all that apply)						
	University Requirements			Double/Joint Degrees			
	Non-grad	Grad	50%	Soils	Other	Both	
Semester Total Credits:							

Summer Semester:		(List year)					
Course Number/Title	Credits (enter in all that apply)						
	University Requirements			Double/Joint Degrees			
	Non-grad	Grad	50%	Soils	Other	Both	
Semester Total Credits:

⁴University, Graduate School, and Department Policies Regarding Credit

Minimum Graduate Degree Credit Requirement: PhD candidates must earn a minimum of 51 credits
Minimum Graduate Course Work (50%) Requirement: Candidates for the PhD degree must earn a minimum of 26 credits in graduate course work. See *Table 1. Minimum Departmental Course Requirements for the Soil Science PhD Degree* in the PhD Requirements document.
Double Degree Overlap: No more than 25% of credits may overlap between the two degrees.
